Kingdom of Callaway County—Mule Capitol of the World

The Bulletin June 2016

Meeting

The next meeting of the Kingdom Philatelic Association will be 7:00 p.m. Thursday, June 16, 2016 at the **Callaway Electric Coop Energy Center**.

This month's circuits include 2 books of British North American stamps, 2 books of France, 2 books of Liechtenstein, Austria, and Switzerland and 2 books of Vatican stamps. Topical stamps this month include 1 book of fancy cancels, 2 of transportation and one with ships. There is one book of Hawaii and one of Danish West Indies and U.S. Virgin islands. The rest are an assortment of U.S. stamps.

Last month we had an excellent discussion on fakes and forgeries. It was a little disappointing though. You were supposed to help me determine if the stamps I had were fakes or forgeries. But, instead you just made things even more complicated. It seems like this is a large study area and there are thousands of faked and forged postage stamps. Bill had some from the German States. Jon brought some from the Philippines. Scott had a lot of different fakes and forgeries. He had some with certificates that had been expertised.

Album Weeds

The following are general definitions, although they are not always used precisely by all philatelist and writers.

Forgery The term "forgery usually indicates stamps produced to defraud collectors and to defraud stamp-issuing governments of revenue.

Counterfeits The term counterfeit (forgeries) is seldom used in philately. It usually indicates stamps produced to defraud stamp-issuing governments

Fake The term fake is used to indicate genuine stamps altered to make them appear as something else. This could be a cancellation, overprint, clipped perforations or stamp design alterations.

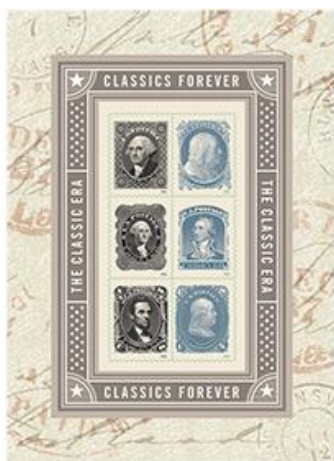

Facsimilie A facsimilie is an imitation of a stamp, made without fraudulent intent.

Album Weeds The term album weed generally refers to all fakes and forgeries.
